Buy online at www.ringwoodfencing.co.uk

Welcome to..

For over twenty years Ringwood Fencing has been number one in the North West for fencing and timber by concentrating on quality products, competitive prices and efficient service.

Whatever you buy from us you are assured that every Ringwood product is made from quality timber treated to give you the best value and longest life. Pressure treatment ensures the best possible resistance to the harshest UK weather.

You can view and buy our products on our website or come to our warehouse and see them for yourself. If you want something special our joiners can create it for you. You can collect from the warehouse, have products delivered or use our expert installation service.

Whenever possible our timber is sourced from sustainable and responsibly managed forests. What's more we recycle 95% of our waste and, as members of the Fencing Contractors Association and holders of a Safe Contractor Certificate, our professionalism is guaranteed.

Ringwood Fencing - the best value in timber and fencing all year round.

Ringwood gates are available in a wide range of styles and finishes so you can select the perfect type and create an impressive entrance.

You can also influence the degree of privacy you wish to add to your entrance. Don't forget that we can create any of these styles to fit awkward or unusual size openings.

SOMERFIELD (double)

A traditional gate and a popular choice for residential entrances. Shown here as a double but single gates are available too. Produced in pressure treated semi-planed softwood.

Sizes : 10 widths from 3' to 12'

SOMERFIELD (single)

A classic style entrance gate in a choice of smooth fully planed softwood or hardwood. Looks good in any location. A range of widths available to fit most sizes of opening.

Sizes : 10 widths from 3' to 12'

ESTATE (double)

ESTATE (DOUBLE)

The styling of the Estate gate with its curved 'hockey stick' upright creates an impressive alternative to conventional rectangular shapes. This Estate gate is in hardwood and shows how an unusually wide entrance has been solved with a main gate and a smaller, convenient side gate.

Sizes : 10 widths from 3' to 12'

**ESTATE (SINGLE)**

A larger width of single gate is ideal for this entrance which has the space for a large swing span. The substantial gate posts add to the grandeur of this entrance.

Sizes : 10 widths from 3' to 12'

ESTATE (single)

KISSING GATE

KISSING GATE

The practical solution for pathways and where public access is to be maintained. Particularly rugged construction. A popular solution that is appreciated by many users. Prevents cattle escaping at all times - cannot be left open like a conventional gate.

MANOR GATES

The ultimate in impression and style, Serpentine Gates look equally superb in rural, suburban and town/courtyard locations. Whatever the opening, we can create these gates to fit perfectly and they offer you the chance to exercise your imagination.

These gates produce the grandest of first impressions of a home and their structure ensures excellent privacy and improved security.

Buy online at www.ringwoodfencing.co.uk

Ringwood
FENCING

GARDEN GATES

Personal entrance gates can make a great impression, especially when they match the design of adjacent fencing or main gates.

Whether you know exactly the type of garden gate you want, or whether you still have an open mind, Ringwood will solve your problem. We have many types available and we can only give you a sample here but do remember that other styles are available and we are always ready to help with our advice.

ELITE CROSS TOP GATE

Gates are available in standard widths or can be produced in special sizes if required.

HAMPTON GATE

A classic garden gate with vertical panels allowing an open feel. Features chamfering along top and mid rails allowing rain to run off.

Buy online at www.ringwoodfencing.co.uk

Ringwood
FENCING

ORCHARD

(Osmose treated)

Ledged and braced with curved top and smooth finish, pressure treated for long life. Size 3' (0.915m) wide x 6' (1.83m) high.

COUNTRY

(Osmose treated)

A popular framed, ledged and braced gate with feather edge boarding, offers privacy and security. Supplied in pressure treated softwood for long life. Size 0.9m wide x 1.78m high.

PRIORY

(Untreated)

A natural untreated softwood T&G & V boarded arch top side gate, ledged & braced. Use a preservative in the colour of your choice prior to installation. Size 3' (0.915m) wide x 6' (1.83m) high.

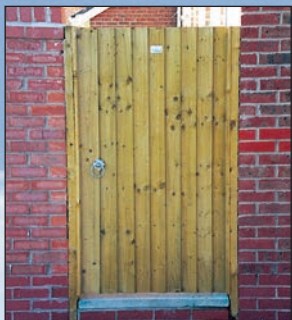

TOWN

(Osmose treated)

Quality framed, ledged and braced natural colour softwood, T&G boarded, offering privacy and security. Size range 3' (0.915m) wide x 4' (1.22m), 5' (1.53m) 6' (1.83m) high.

VERTICAL BOARD PANELS
WITH WOODEN POSTS

FENCING PANELS

VERTICAL BOARD PANELS WITH WOODEN POSTS

Neat visual presentation and excellent screening from these, probably the sturdiest of fencing panels.

Sizes : 6' x 6' 6' x 3'
 6' x 5' 6' x 2'
 6' x 4'

Base Panel

Size: 6' x 1'

VERTICAL BOARD PANELS WITH TRELLIS & CONCRETE POSTS

Concrete posts, square trellis top panels and 'stone face' concrete base panels produce an alternative style.

Sizes : 6' x 6' 6' x 3'
 6' x 5' 6' x 2'
 6' x 4'

Base Panel

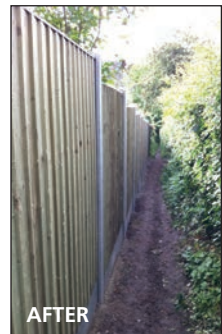

Size : 6' x 1'

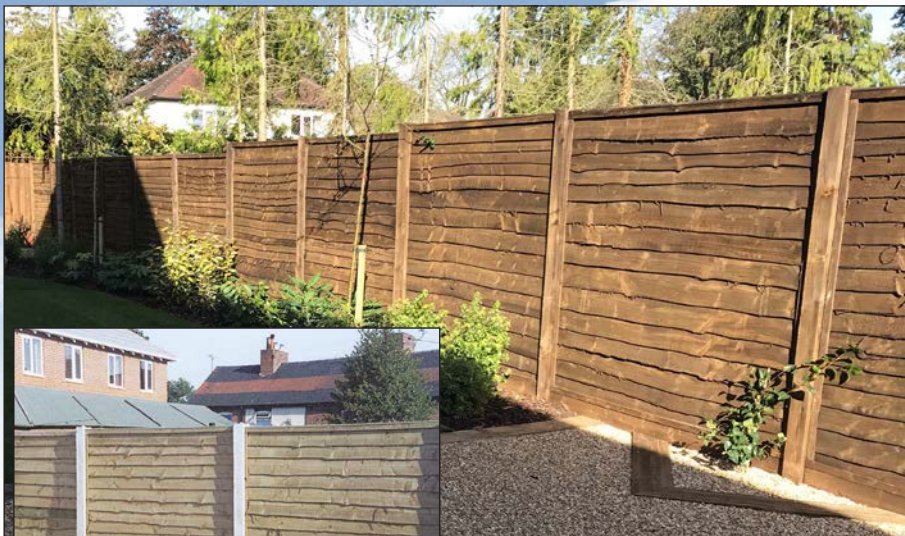

VERTICAL BOARD PANELS WITH
TRELLIS & CONCRETE POSTS

BEFORE

AFTER

WANEYLAP PANELS

Waneylap is definitely a favourite offering good screening and neat lines. It works in any location, town or rural.

Sizes : 6' x 6' 6' x 3'
 6' x 5' 6' x 2'
 6' x 4'

VERTICAL ARCH/BOW PANELS

Efficient screening from the vertical panels with additional character provided by the shaped tops in either arch (convex) or bow (concave) formats.

Sizes : 6' x 6' 6' x 3'
 6' x 5' 6' x 2'
 6' x 4'

Buy online at www.ringwoodfencing.co.uk

Ringwood
FENCING

FEATHER EDGE FENCE

A sturdy structure that's rigid, built to last and takes the elements. Excellent screening.

HIT AND MISS FENCE

Hit and miss fencing is the sensible choice to use in places that are exposed to high winds.

This picture shows you reverse side structure of a feather edge fence. You can see the built-in strength just by looking at it.

HIT AND MISS FENCE

FEATHER EDGE WITH CAPPING

CLOSE ROUND TOP PALING

ARCH PALING

ROUND TOP PALING

PALING

Delightful styling and economy producing great garden presentation.

POINTED PALING FENCE

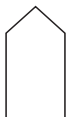

POINTED PALING FENCE

This fence can be enhanced by feature - shaped tops to create curved top lines. Paling is a practical choice when a degree of 'see-through' is required, e.g. to keep children's play areas in sight.

POINTED PALING PANELS

Paling is always popular and lends itself to being finished in alternative colours. This example produces an immaculate presentation, especially with the neatly trimmed hedge.

Sizes : 6' x 6' 6' x 3'
6' x 5' 6' x 2'
6' x 4'

ROUNDTOP PALING PANELS

Roundtop paling is very effective when used in short heights to 'top' low walls. Matching gates are always available too.

Sizes : 6' x 4' 6' x 2'
6' x 3' 6' x 1'6"
6' x 2'6"

CHESTNUT FENCE

Economical and functional fencing but with a simplicity that many find very attractive. Ideal for temporary protection to trees, hedgerows and landscaped areas. A practical, low cost solution.

CHESTNUT FENCE

Post and rail serves a different kind of role in fencing. It does not create an impenetrable barrier or screen and hardly prevents human access. However it does define borders neatly and precisely, it is easy to erect and is an excellent barrier to many types of livestock. And its very simplicity can still add a distinct style to many locations.

ROUGH SAWN SQUARE POST AND RAIL

Highly practical, fencing solution to which other features can be added.

Rail Sizes :

3600 x 87 x 38 1st Quality
3600 x 100 x 38
3600 x 100 x 50
2700 x 75 x 50
3600 x 150 x 50

Post Sizes :

1500 x 75 x 75
1800 x 75 x 75
2100 x 75 x 75
1500 x 100 x 75
1800 x 100 x 75
2400 x 100 x 75
1800 x 100 x 100
2400 x 100 x 100
2700 x 100 x 100
3000 x 100 x 100
3600 x 100 x 100
1800 x 125 x 75
2100 x 150 x 75

HALF ROUND POST AND RAIL

This features half round rails which can be mounted onto different types of post, e.g. square, round or half round. A flexible fencing system that works well over undulating and uneven ground.

Round Posts

(peeled & pointed)

2" - 3" x 8'
2" - 3" x 5'6"
3" - 4" x 5'6"
3" - 4" x 6'
3" - 4" x 8'

Round Posts

(machined smooth)

2½" x 5'6"
3" x 5'6"
3½" x 5'6"
4" x 5'6"
4" x 8'

Half Round Posts

(peeled & pointed)

3" - 4" x 5'6"
4" - 5" x 5'6"
5" - 6" x 6'

Half Round Posts

(machined smooth)

4" x 5'6"

Half Round Rails

2½" x 8'
4" x 12'

MORTICED POST AND RAIL

This fence, with morticed joints, produces a more attractive structure and a better finish.

RUSTIC CHESTNUT FENCE

Of all post and rail fences this is the one that generally produces the most compliments. It fits so well in a rural location and has the character in shape and form to make it an attribute on the landscape rather than an eyesore. Morticed joints in square posts ensure good rigidity.

KNEE RAIL

Inobtrusive and neat, yet immensely practical, knee rail is perfect for defining public areas, sports pitches, parking areas, etc. without producing an ugly and unfriendly barrier.

Here is a range of fencing and timber products that can help you add that 'designer' look to your garden. Use a little imagination by adding unusual colour, position them unconventionally and embellish them with climbing plants. However good these products look, erecting them is only the start. Let your creative ideas flow and your imagination run wild !

DIAMOND LATTICE

The classic trellis with a 4" square pattern. Our trellis comes in a variety of panel sizes and shapes including top panels in arch or bow shapes. Add square posts, post caps and planters to make a distinctive structure.

Panel Sizes :

Styles : Square, Arch/Bow, Privacy.

Sizes: 6' x 6' 6' x 3'
 6' x 5' 6' x 2'
 6' x 4' 6' x 1'

Flat, arched or bow top in standard or privacy finish, it's a popular and attractive screening option. Matching gates also available.

Privacy square trellis features a smaller square pattern which acts as a better screen. An arch topped panel with tighter privacy pattern finished in a soft green shade adds to this courtyard scene above. Now it only needs the climbing plants to finish it perfectly.

(Above) A privacy patterned, bow topped fence beautifully finished with a deep, rich stain that perfectly suits the property.

Styles :

Square, Arch/Bow, Privacy, Privacy Arch/bow

Sizes : 6' x 6' 6' x 3'
6' x 5' 6' x 2'
6' x 4' 6' x 1'

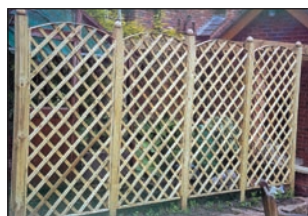

ELITE CROSS TOP PANEL

DIAMOND TRELLIS

For those who prefer this diamond pattern, it is also available in pattern sizes that offer different levels of screening. Add to that a choice of different panel shapes and you can create the concept you want.

This is the standard pattern size but the arch top shapes and ball caps add a note of distinction.

ROSE ARCHES

Rose arches are available in a wide range of styles and materials - far more than we can show you here.

The character of your home and garden will tend to guide you towards either rustic poles for the more traditional and historic feel, or machined materials to match the contemporary style of a modern home.

Either way, rose arches give you the opportunity to flex your horticultural imagination ! Depending on your plant selection, you can soon encourage abundant growth over and around the arches bringing colour, relief and shape to what may well originally be a featureless area.

We can advise and help you select the right style to suit your garden and you can be sure that the pressure treated Ringwood timbers will give your arches the longest possible life.

ROUGH SAWN TIMBER

All of our timber is sourced where possible from managed and sustainable sources.

RAILS

Available in various sizes.

BOARDS

Available in various sizes.

GATE POSTS

An enormous range of sizes are available so please refer to website for details.

RUSTIC ROUND TIMBER

Round timbers which are peeled, pointed - pressure treated. Available in various sizes.

RUSTIC HALF ROUND TIMBER

A rustic half round post, peeled, pointed - pressure treated. Available in various sizes.

MACHINE ROUND POSTS

A machine rounded post with a pointed end - pressure treated. Available in various sizes.

MACHINE HALF ROUND POSTS

A machine half rounded post with a pointed end - pressure treated.

MACHINE HALF ROUND RAILS

Machine half round rails in two sizes - pressure treated.

JUMP POLES

Machine rounded jump poles available in three sizes - pressure treated.

SLEEPERS

Available in brown, green, reclaimed or oak.

Timeless Timber Decking is probably one of the most exciting designer-features you can add to your home - and also one from which you will enjoy a huge level of satisfaction.

The secret lies in Ringwood Fencing's timber. Using only high quality pressure treated timber, and with a water-repellant preservative, Ringwood decks could not be better protected to withstand the rigours of even the toughest British winter. Water absorption is reduced and the integrity of the wood maintained for a long life.

Patterns include herringbone, mitred, diagonal, bulls-eye, basketweave or standard parallel and we can show you the visual effect of each in our portfolio.

Then you have a huge choice of balustrading in many different styles. Select the spindles, rails and newels that complement your decking to the best to give it a superior finish. And, of course, we can include quality fencing to match your decking to perfection.

Ringwood stock an enormous amount of wire fencing products and can supply the system you need. If you need advice on the most appropriate type, describe to us the location and purpose of the fencing and we will identify the best for your needs and your budget.

CHICKEN WIRE

General purpose mesh for many domestic animals and particularly for poultry.

Sizes : 900 x 50 x 19g
 1200 x 50 x 19g
 1500 x 50 x 19g
 1800 x 50 x 19g

RABBIT NETTING

For protection of forestry/arable land from rabbit damage.

Size : 1050 x 31 x 19g
 1200 x 31 x 19g

ONE INCH NETTING

The most popular and used for game rearing, horticultural and industrial purposes.

Sizes : 900 x 25 x 20g
 1200 x 25 x 20g
 1500 x 25 x 20g

DOG NETTING

Effective, discreet barrier that prevents the most determined canine from escaping or gaining access.

BARBED WIRE

Types available :

High Tensile -
reverse twist, double strand, 200m reel.

Barbed Wire Portcullis -
zinc galvanised, 200m reel.

Rypoint Best Quality -
double strand 200m wooden reel .

Rypoint Green -
double strand, 200m wooden reel.

NOVAPLEX

Manufactured from pvc-coated wire, Novaplex is easily erected and provides a simple, practical garden barrier. Effective as a child or pet barrier.

STOCK FENCE

An excellent fence for sheep and small stock (shown with barbed wire top).

ELECTRIC FENCE

Ringwood have the full range of components from the Drivall and Pel ranges to help you create an efficient, safe and economical electric fence solution. Ask for details of the systems available.

HORSE NETTING

Specifically designed to create a caring barrier to horses. The structure is designed to prevent horses from trapping their hooves in the netting should they kick at it.

CHAIN LINK

WELDED MESH

Galvanised wire mesh welded into square pattern. Various mesh sizes available.

PALADIN

High security from this rigid fencing system that features post tops in differently shaped finishes to discourage illegal ingress.

LINE WIRE

Galvanised and plastic-coated line wire is available in different gauges and roll sizes.

CHAIN LINK

Classical chain link fencing in optional gauges and in galvanised or pvc coated green finishes. Rolls are supplied in 25 metre lengths complete with line wire and we have a full range of fixings. Also available in non-standard heights and lengths to order.

25 metre rolls, 50mm mesh, complete with lines.

RAZOR WIRE

High quality, galvanised razor wire providing maximum deterrent to illegal entry.

Many Ringwood products are originally created in our own workshop. The workshop is manned by our team of joiners who are masters at creating quality products in wood. Share your ideas with us and we can bring them to life.

At Ringwood Fencing we have our own dedicated joinery workshop on site with a skilled team and bespoke machinery. This ensures the items we manufacture are of a constantly high quality and we only use timber which meets our high standards. Many Ringwood products are manufactured in our own workshop including all our traditional fencing panels and matching gates. Our bespoke service provides customers with the option of having fencing panels and gates made to individual sizes to fit any awkward gaps or spaces.

DEPENDABLE DELIVERY

We know how frustrating it can be waiting for a delivery so we offer a reliable service, 6 days a week to any area. Everything we sell can be delivered, you can choose a morning or afternoon slot and the price is fixed, no matter how small the order.

Buy online at www.ringwoodfencing.co.uk

Ringwood
FENCING

For over 20 years Ringwood have provided professional fencing services throughout the North West and North Wales. Everyday our teams of fencers are out installing Ringwood products on sites in domestic, commercial and public locations. As members of the Fencing Contractors Association and holders of a Safe Contractor Certificate, our professionalism is guaranteed.

We install in excess of 11,000 metres of commercial and new house site fencing per year. Working for some of the North West's largest house builders for many years we understand the importance of providing an efficient and reliable service.

We have been involved in numerous developments and contributed towards NHBC "Pride in the Job" awards. We also provide a fencing service to organisations including Chester Zoo, Environment Agency, Cheshire West and Chester Council, Cheshire East Council, numerous local schools and many smaller commercial organisations.

Buy online at www.ringwoodfencing.co.uk

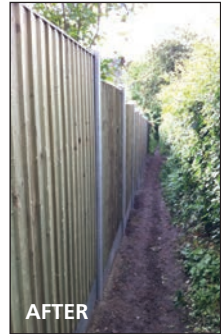

Our fencers are some of the most experienced in the business. They are all our own employees (we don't use sub-contractors) and we complete over 465 separate garden fence installations per year. In 2017 91% of our customers rate our installation service as excellent and commendations and referrals are constantly received from them. Customer care is very important to us; each installation has a dedicated project manager to see it through from initial enquiry to job completion. This gives our customers a single point of contact and provides a reliable personal service.

Simply call in, phone 01829 740136 or email installations@ringwoodfencing.co.uk and our friendly, knowledgeable staff will deal with your enquiry quickly and efficiently. We will arrange a site visit to assess your individual requirements and provide advice and suggestions. Then we will send you a written quotation and, once accepted, arrange an installation date.

Workmanship is guaranteed for 12 months and where possible timber is sourced from FSC or similar suppliers to ensure the wood used has come from sustainable sources and is pressure treated to provide weather resistance and long life.
